PROFESSIONAL EXPERIENCE

Sunstone Management VC

Irvine, CA

Investor Relationship & Marketing Analyst

Jan 2024 – Present

- Directly facilitated \$150M in transaction value across 3 closed investment deals; personally originated and managed the end-to-end investor-to-startup matching process, from initial opportunity pitching to final capital commitment
- Spearhead a Go-To-Market strategy for a \$900k investment for an artificial heart startup; identify and align a Chinese medical device industrialist with US-based R&D to create cross-border synergies in manufacturing and market expansion
- Direct the operational lifecycle for 16 active funds (\$30M AUM); manage the entire data collection and reporting for 100+ portfolio companies to 160+ individual investor and ensured 100% data integrity and compliance for Committee reviews
- Organize 40+ "Weekly Demo Days" for 70+ start-ups and attract a total of 2,000+ attendees; manage entire event logistics
- Cultivated a holistic brand ecosystem by integrating digital growth strategies (80k+ LinkedIn impressions, 20% MoM growth) with large-scale offline initiatives; led 6 cross-functional teams to execute community events for 500+ participants

BLIVE Global (Ding-go.com)

Irvine, CA

Growth Strategist (Founding Team)

Jul 2025 – Present

- Conduct competitor benchmarking and gap analysis against industry leaders (e.g., Yamibuy); carve out a market niche by pivoting from a generalist model to focusing on exclusive, high-velocity Taiwanese imports to drive brand differentiation
- Manage the end-to-end growth strategy, scale monthly revenue from \$2k to \$30k (15x growth) within 7 months through a redesigned, high-engagement user interface and targeted product-market fit
- Rebuild the logistics infrastructure by migrating fulfillment operations from Chicago to the West Coast, reduce shipping lead times by 50% (from 20 to 7 days) and sustain a 30-50% gross margin
- Identify high-margin opportunities beyond the snack category; spearhead the launch of the Beauty & Wellness vertical through strategic partnerships with Japanese/Taiwanese vendors, increasing total platform revenue by 15% within 60 days
- Organize influencer campaigns with 4+ creators, generated 200k+ organic views and drove a 50% MoM revenue spike by aligning creator demographics with the brand's positioning

EcoMart

Irvine, CA

E-commerce Operations Consultant (Amazon Specialist)

Jan 2024 – Present

- Managed 4 high-volume Amazon Seller accounts (including a publicly listed portfolio); spearheaded the visual and content overhaul for 20+ SKUs, leveraged competitor gap analysis to achieve Top 5 Category Rankings for flagship products
- Managed a \$3,000/month PPC budget with a consistent 2 return-on-ads-spend; performed Customer Sentiment Analysis to drive budget decisions, strategically halting spend on SKUs with suboptimal reviews to protect profit margins
- Accelerated wholesale expansion and brand health by launching an Amazon Vendor Account pilot for 7 SKUs, secured 3 initial POs (50% volume increase) while reducing return rates through manufacturer-led product optimizations

Hermès

Taipei, Taiwan

Assistant Intern

May 2022 – Jun. 2022

- Selected as the only intern out of 50+ and the time of stay was extended to cover the busy season due to outstanding performance
- Performed inventory count 3 times a week involving 1000+ pieces of products across 7 categories to ensure accurateness and completeness, and managed the product replenishment of an average of 300+ pieces per day to ensure classification and documentation

EDUCATION

Master of Entrepreneurship, University of California, Irvine

Irvine, CA (2021 – 2023)

B.B.A, Soochow University

Taipei, Taiwan (2016 – 2020)

ENTREPRENEURSHIP

ChewRank

Irvine, CA

Founder

Mar. 2023 – Dec. 2023

- Recruited 4 members and led the team through brainstorming and development stages to create a unique restaurant discovery app integrating posting, locating, and reserving features; the only project competed in 2 entrepreneurial competitions: 2nd prize of 2023 Stella Zheng New Venture Competition and 3rd prize of 2023 Beall and Butterworth Product Development Competition, winning 8K+ funding
- Executed and analyzed 200+ effective user surveys to understand user experience with existing platforms like Yelp to identify key pain point as the lack of one-stop solution and marked it as the ChewRank's differential points
- Design the product prototype and plan to launch the Minimum Viable Product in Irvine: <https://chewrank.netlify.app>
